- Torch-on membrane systems and detailing
- Deck and roof waterproofing (new builds and remediation)
- Surface preparation (priming, sanding, cleaning, moisture checks)
- Flashing, penetrations, corners, and termination detailing
- Tool handling: rollers, heat gun, grinders, drills, cutters
- Strong understanding of site safety and hazard control
- Good time management and reliable attendance

WORK EXPERIENCE

Waterproofing Technician | Coastal Membrane Solutions Ltd — Auckland, NZ

Feb 2022 – Present

- Installed and repaired Butynol, TPO, and liquid membrane systems across residential decks and flat roofs.
- Completed detailing around corners, upstands, penetrations, drains, and termination bars to prevent leaks.
- Prepared substrates to specification and maintained clean, professional work areas.
- Followed job scopes, drawings, and site instructions while meeting deadlines and quality standards.

Construction Labourer | BuildRight Projects — Auckland, NZ

Jan 2019 – Jan 2022

- Supported carpentry and waterproofing teams with material handling, site setup, and basic install tasks.
- Used power tools safely and assisted with demolition, clean-up, and waste management.
- Worked closely with site supervisors to maintain productivity and safety compliance.

General Worker | Kiwi Property Maintenance — Auckland, NZ

Jun 2017 – Dec 2018

- Completed general maintenance tasks including minor repairs, sealing work, and exterior preparation.
- Assisted with customer communication and job updates when required.
